

I Wanna Tell Her

Donnie Iris

She got a face
Like a beauty queen
She got a figure
Like in a magazine
And when she move
She really move
And now I'm stuck on her
You know I'm stuck like glue

Baby if she knew I've had her many times
If only in my dreams
Maybe if I tell her I can make her mine
Tonight I'm gonna make her see

I wanna tell her... I wanna tell her, I wanna tell her
I wanna tell her... I wanna tell her, I wanna tell her
I wanna tell her just how I feel tonight
I'm gonna tell her... I'm gonna tell her, I'm gonna tell her
I'm gonna tell her... I'm gonna tell her, I'm gonna tell her
I'm gonna tell her just what I need tonight

She wears a dress that's sure to please ya
She wear a half smile like the Mona Lisa
And what she wear she really wear
You wanna squeeze her up like a teddy bear

Baby if she knew I had a crush on her
Maybe she'd look my way
Maybe if I kiss her I can make her mine
Tonight I'm gonna have my say

Ow!... I'm gonna tell her that I love her... yeah yeah
I'm gonna tell her that I need her... whoa-oh-oh-oh

I wanna tell her... I wanna tell her, I wanna tell her
I wanna tell her... I wanna tell her, I wanna tell her

Oh yeah... yeah yeah... oh oh oh oh (I want to tell that girl)

I wanna girl that can see my world
I'm not gonna love another girl any more... no no no no
I not scared 'cause I know she'll see
There's some loving in a man like me... oh yeah
I want to tell that girl tonight

I wanna tell her... I wanna tell her, I wanna tell her
I wanna tell her... I wanna tell her, I'm gonna tell her
I'm gonna tell that girl tonight
