

Scream

Donnie Iris

I scream
Like in the middle
Of a bad dream
How you gonna stop me?
How you gonna stop me?
How you gonna stop me child?

I failed in the east
I'm banned in the west
I'm beaten down by life
The blood has stained my chest

I scream
I cannot stand the pain
My tempers all I got
I'm jumpy as the rain

I'm as crazy as a loon

I scream
Cause there's nothing left to say
The poetry's been written
Somewhere I lost my way
Shakespeare was right
We're just pushin' and shovin' here
We sing loud and furious
But we signify nothin' here

Like a banshee
Like a banshee
Like a banshee
Like a banshee
Like a banshee
Like a banshee
Like a banshee

I'm gonna scream
