

The Pain (interlude)

Donnie Klang

Come here
Let me show you how.
I can just
Trust me .

I can take the pain
I can take the pain
Let me take the pain away
And show you what your worth

Let go
A faithful meaningful word,
For the hurt
The way love rolls.

You have nothing to lose
Everything I gave.
I mean if love doesn't work what will?

I can take the pain
I can take the pain away
Let me take the pain away
And show you what your worth

I can take the pain
I can take the pain away (2x)
Let me take the pain away
