

My Past

Donnie McClurkin

I've done somethings in my life
Tha brought me to my knees
Some secret things from this God
But...
You never know
The nights i cried
All of the things
I tried to hide
You'll never know
The secret hings from this God that i have.

Looking back at all the things
That i've been through
Who could have thought my life would be that way
All of the pains
And all the tears
Humiliation for me
All of the secret things
From my yesterday
But its time to walk away

My Past
Is gone away
Its a new day tomorrow
My past is gone away
Its a new day tomorrow
