

Magnificent Sanctuary Band

Donny Hathaway

There are multitudes of people dying
'Cause they just won't see and try to understand
From the book I read, not one but all must follow
Join the magnificent sanctuary band

There are multitudes of people dying
Their temptation hangs over the land
In fact those people should just remember his command
And join the magnificent sanctuary band

Singing in the band, talking to the man
Bringing in the sheep all over the world just as fast as he can
Singing in the band, talking to the man
Stop everything you're doing and join the sanctuary band

The Son of Man speaks of Revelations
And he's reaching, reaching out his hand
With his promise of salvation
Join the magnificent sanctuary band
