

## It Takes Two

Donny & Marie Osmond

One can have a dream, baby  
And two can make that dream so real  
One can talk about being in love  
Two can say how it really feels  
One could wish upon a star  
And two can make that wish come true  
One can stand alone in the dark  
Two can make that light shine through  
It takes two, baby  
It take two, baby  
It takes two  
It just takes two  
One can have a broken heart  
Livin' in misery  
Two can really ease the pain  
Like a perfect remedy  
Oh, one can really be alone in a crowd  
Like an island he's all alone

Two can make it just any place  
Just like being home  
It takes two, baby  
It take two, baby  
It takes two  
It just takes two  
Oh, one can go out to a movie  
Looking for a special treat  
Two can make that single movie  
Something kinda, kinda sweet, yeah  
One can take a walk in the moonlight  
Thinking that it's really nice  
Oh but two walking hand in hand  
Like adding just a pinch of spice  
It takes two, baby  
It take two, baby  
It takes two  
It just takes two
