

Take Me Back Again

Donny & Marie Osmond

Oh, won't you play for me
My favourite melody
Oh, let me hear again
Those wonderful songs
Thinking of way back then
Oh how I can remember when
We had a lot of friends
Take me back again
Take me back again
To my hometown
I want to hear again
That sweet old sound
The only happiness I ever found
Is back in my hometown
Turn back the hands of time

The memories of yours and mine
Just let me walk around
Through the streets of the town
'Cause when I feel alone
I think about the folks back home
All those forgotten friends
Take me back again
Take me back again
To my hometown
I want to hear again
That sweet old sound
The only happiness I ever found
Is back in my hometown
