

You Broke My Heart

Donny & Marie Osmond

You, you broke my heart
And you made me cry
In that cold evening
I didn't have time
To know the why
You deserted me
Now I'll just have to wait
To see your face
For the last evening
You must save my life
Since we're apart
Girl, I lost my mind
Ooh, I lost my mind
You, you broke my heart
And you made me cry
In that cold evening
I didn't have time
To know the why

You deserted me
Sometimes I hear your voice
Just singing songs
Like in those evenings
Oh, but I cried, cried like a child
Because I know
Girl, you'll never come
Ooh, you'll never come
Oh, but I cried, cried like a child
Because I know
Girl, you'll never know
Whoa, whoa but I cried
Cried like a child
Because I know
Girl, you'll never come
