

Let My People Go

Donny Osmond

Let my people go
Let my people go
Oooh, let my people go
Let my people go

God will have mercy
He'll forgive us
All our sins, yeah
He'll guide us to the promised land
If we turn to him
If we turn to him

Let my people go
Let my people go

Moses led them to Sinai
He spent 40 nights and days
The people promised to follow God
But the people turned away

And then Moses broke the stones
Of the laws God had made
He said you must be on God's side
In order to be saved
Whoa, yeah

God will have mercy
He'll forgive us
All our sins
Oh yeah
He'll guide us to the promised land
If we turn to him
If we turn to him

Oh, let my people go
Let my people go
It's necessary
Let my people go
Let my people go
Let my people go

God will have mercy
He'll forgive us
All our sins
Oh, yeah
He'll guide us to the promised land
If we turn to him
If we turn to him

C'mon, let my people go
Let my people
Let my people go
