

## Born A Wolf

Donots

Shape shifters, come on out and play  
I was born a wolf  
I walk with rats  
I got rased by lions  
I hunt in packs  
Born free nothing's gotta give  
You gotta make do with what you don't have  
Up in arms  
Don't hit the lights  
Live in shadows  
Long Live life  
Like a wolf  
I walk this town  
Like a wolf  
I'm coming down, down, down  
I'm stray dog and i'm out here on my own  
I was born a wolf, I'll find my way bac home  
I was born a wolf  
I'll grow wings one day  
All you shape shifters  
Come out and play  
if i get away with it, then i guess it ain't no crime  
I was born a wolf, i'm taking back what's mine
