

Friends

Donots

Some say i am skin-deep
some say i ain't sincere
but belive me
i'll always tell you what you want to hear
but i never told you
no, i never told you

how i fucked my friends
i've got promises to break
and friendships left to kill
don't kid yourself
a middlefinger pay the bill
and i never told you...

i fucked 'em all and i fucked 'em raw
