

## Empty Rooms

Donovan Woods

Packing tape and boxes  
Won't imagine every line  
To carefully negotiated  
Piles, set aside  
You can keep the TV  
I'll never find the time  
That bag we bought together ain't feel like mine in  
Quite a while

Every window is open  
Spring time and bloom  
I'm standing in an empty room

I read a lot of books  
'Bout how to be alone  
I don't take much of nothing  
To really feel at home  
Bearing walls of promising  
But lonely as can be  
They're good for casting shadows  
But my shadow's casting me

I keep on making plans  
I keep on falling through  
I'm standing in an empty room

Whenever I think of you  
I hope you're doing fine  
I'm glad you find a reason  
To get out from time to time  
Me, I'm doing okay  
But I won't say trouble free  
I've got a couple friends with me  
To keep me company  
They drag me to a party  
I walked in and I saw you  
Now everybody's watching  
Wondering what we'll do  
Oh I figured this would happen  
I just didn't know how soon

We're standing in an empty room  
Now we're standing in an empty room
