

I Ain't Ever Loved No One

Donovan Woods

I guess before I met ya
I didn't know better
But you swept in out of nowhere
And I thought I'd never go there

And you set the bar for this stubborn heart
And when you met my family, everybody knew that you had me whipped
I ain't ever loved no one like that
And when I said I loved ya, I didn't care if you said it back
I ain't ever loved no one like that

If you'd have just kept walkin'
And we'd never got to talkin'
I could go on existin'
Not knowin' what I's missin'

But you set the bar for this stubborn heart
And when you met my family, everybody knew that you had me whipped
I ain't ever loved no one like that
And when I said I loved ya, I didn't care if you said it back
I ain't ever loved no one like that

And maybe I'll love again, then again, maybe I won't
Maybe you feel the same, maybe you don't
How would I know?

'Cause when you met my family, everybody knew that you had me whipped
I ain't ever loved no one like that
And when I said I loved ya, I didn't care if you said it back
I ain't ever loved no one like that
I ain't ever loved no one like that
I ain't ever loved no one like that
I ain't ever loved no one like that
