

Won't Come Back

Donovan Woods

I got shot beneath the club
You did too but I paid them off
And then I came to visit you
But you still don't smile
'Cause I'm overdue
Some old man, he wrote a song
If I was old, I would sing along
And still I was awarded yours
Fuck you too, I deserved it more
If she's leaving love
She won't come back
Wiping her feet on the welcome mat
I was in the weather and the rain
When it truly came
And then it truly changed
And it truly changed
And it truly changed
So come on, come on, deny a friend
I don't miss it, I wanna do it again
And her had up around the bend
I don't miss it I wanna see it again
If she's leaving love
She won't come back
Wiping her feet on the welcome mat
I was in the weather and the rain
Oh it truly changed
Loving truly changed
And it truly changed
You boy, oh we know that he'll make it
He didn't quit
He just couldn't take it
If she's leaving love
She won't come back
Wiping her feet on the welcome mat
I was in the weather and the rain
When it truly changed
And it truly came
And it truly changed
And it truly changed
And it truly changed
So come on, come on, deny a friend
I don't miss it, I wanna do it again
I wanna do it again
