

# Lies Irae

Dope Stars Inc.

I want to leak the name of eternal wrath  
I want to leak the name of a new era  
thousand connections showing us the way  
we're breaking anyway like a sewer rat  
Of any trick we save every little track  
like in a stone are written everyday

whooh  
we're gonna win this game  
gonna make bigs raids  
in your network of rage

We are living just to surf, cut, copy, paste  
We are connected through our cyberspace  
and every chatroom is the mother base  
We know you're quick to hide and cover up the facts  
But We discover all of your hidden tracks  
We're changing all the rules of the game!

Ooooh,  
we're gonna hack their base  
we're the truth to face  
peer-to-peer cyberspace

wake up  
this is not a sick war game  
relapse  
gonna leak some famous names  
balance  
never we can just forget again  
defence  
Gonna be the leak of this age  
wake up  
this is not a sick war game  
relapse  
failure of their entire reign  
balance  
it's time to react  
lightening the dark  
spreading revolution in the parks

we are a generation of terabytes  
we have no leaders, just our crazy hives  
We're gonna win this fight in any way  
you want to be a part of the new era  
And we no longer listen to your lies  
We don't believe in anything you say!

Ooooh,  
we're gonna hack their base  
gonna make bigs raids  
in your network of rage

Wake up  
you've already slept too long  
Stand up.  
fighting for the news we own

Speak up  
everybody has the right to know  
Back up  
Leaking everything 'til they blow  
Shout out!  
We are 10.000 voices strong  
Hijack  
Knock the virus out of the core  
Speak Up  
Future will advance  
Watch Their World Collapse  
Our digital freedom has to last
