

Christmas Story

Doris Day

Oh, come little children
Oh, come one and all

Christmas with its trees and windows all of love
Christmas with its snow and ice and mistletoe
Christmas can't you hear the church bells ringing?
From within can't you hear the choir boy singing?

Oh, silent night, floats up upon the air
Holy night, brings peace and joy everywhere
From your heart let this joyous message come
Peace on earth, merry Christmas all

Christmas with its trees and windows all of love
Christmas with its snow and ice and mistletoe
From your heart let this joyous message come
Peace on earth, merry Christmas all
Merry Christmas
