

The Way I Dreamed It

Doris Day

This is the way I dreamed it
This is the way I knew it would be
This is the guy I hoped for all my life
I love him, and he loves me, and
Who would have thought it could work out
Who would have thought I could win
Who would have guessed that my luck would change
And I'd end up with a guy like him
Here's what I'm hoping you'll do tonight
Get into bed and turn out your light
Picture that guy you've wanted all your life
When she wakes, make it all come true now
Everyone go right on dreaming
I promise you dreams still come true
Imagine a love to believe in
Close your eyes, and he's there with you
This is the way I dreamed it
This is the way I knew it could be
This is the night I hoped for all my life
I love him, and he loves me forever
This is the way I dreamed it
This is the way I dreamed it
This is the way I dreamed it
This is the way I dreamed it
