

Love Is A Sin

Doro

I've been all around
And look what I found
There's nothing for real
No, they're all using me
Leaving me bleeding
I know they were cheating
The world's turning cold
Yeah, that's what I've been told

Holding me tight
I'm dreaming all night
I long for your touch
I crave you so much
You're a hell of a man
And now I understand
That no one can hold me
The way you can

Love is a sin
Love is a sin
So lost within
Without you
Love is a sin
Love is a sin
Lost within
Without you
Love is a sin

We're sweating all night
Your love's feeling right
It's sexual healing
No touch without meaning

I feel so satisfied
This emptiness died
It feels like a glove
Yeah, when we're making love

Love is a sin
Love is a sin
Lost within
Without you
Love is a sin
Love is a sin
So lost within
Without you
Love is a sin

Love is a sin
Love is a sin
Lost within
Without you

Hold me and love me again
Hold me and touch me within
Love is a sin
Without you

Love is a sin
So lost within
Love is a sin
Without you
Love is a sin

Hold me and love me forever
Hold me and touch me like never
Love is a sin
Without you
Love is a sin
Love is a sin
