

# Madness

Dorsal Atlântica

Without music and God I couldn't live  
Losing my self esteem and losing the woman  
I love the most. She got me out of her sight  
I feel her in every morning whisper  
Tears in my eyes. Crying is my business  
Depressing me

Madness, breathing madness, shadows embracing me

I don't want to live feeling so much pain  
Hurting me inside, fighting the dark side of my mind

Madness, breathing madness, shadows embracing me
