

# Mercy

Dotan

Broken scars behind my bones  
The cracks show when it turns too cold  
I tried to hide the pain so no one knows  
So far from the place we hold

All that I know  
Our love's lost in the meaning  
Down as I go  
I'm on my knees

Mercy mercy mercy ooh  
Can you save me from the darkness I knew  
Scars that you left  
Growing me old  
Holding my breath  
Out in the cold  
Mercy mercy mercy ooh  
Have mercy on me

Your darkest ghosts are hard to leave  
Like echoes as they follow me  
But all I do is run for cover  
Every time you pull me under  
So let me go I'm begging please

Oh oh  
Mercy mercy mercy ooh  
Can you save me from the darkness I knew  
Scars that you left  
Growing me old  
Holding my breath  
Out in the cold  
Mercy mercy mercy ooh  
Have mercy on me

Ooh ooh ooh, have mercy, mercy  
Ooh ooh ooh, have mercy, mercy

All that I know  
Our love's lost in the meaning  
Down as I go  
I'm on my knees

Mercy mercy mercy ooh  
Can you save me from the darkness I knew  
Scars that you left  
Growing me old  
Holding my breath  
Out in the cold  
Mercy mercy mercy ooh

Have mercy on me  
Ooh ooh ooh, have mercy, mercy  
Ooh ooh ooh, have mercy, mercy
