

Tell A Lie

Dotan

Scratches on my skin
Image of your sins
In my home

Mirror on the wall
Tell me is this all my fault

Sometimes pain hides too slow
Glass curls into sorrow

Tell a lie
Tell a lie
On this rainy day
Cover my eyes

Tell a lie
Tell a lie
Keep the pain away

Let me hide under streetlights
'Cause tonight it's dark one more night

Tell a lie
Tell a lie
On this rainy day
Cover my eyes

Trying not to break
Running from the pain
It cost me

Got me in a state
Like a dream parade
I'm falling

Tell a lie
Tell a lie
On this rainy day
Cover my eyes

Tell a lie
Tell a lie
Keep the pain away

Let me hide under the streetlights
'Cause tonight it's dark one more night

Tell a lie
Tell a lie
On this rainy day
Cover my eyes
