

## Before The Ring On Your Finger Turns Green

Dottie West

He's just leadin' you on honey he'll be gone  
Before the ring on your finger turns green

Your new love is the playboy kind he's not looking for the ties  
that bind  
He'll leave you with a tortured mind before the ring on your fi  
nger turns green  
He's just leadin' you...

He's fickle cheap and phoney too just like the ring he gave to  
you  
I know cause I've been through it too when the ring on my finge  
r turned green  
He's just leadin' you...  
Before the ring on your finger turns green
