I Gave You All

Double You

```
I gave you all
I gave you everything
My true desire
But what you did not know
I gave you all
I gave you everything
A man in chains
Thinking of love
And you were there for me
Chorus
Why do we love thinking of love
But you will find away
Why do we love thinking of you
But can you always say
I gave you all
I gave you everything
Our hearts were gold
Thinking of love
But you would always say
Why do we love thinking of love
But you would hide away
Why do we give thinking of love
And love will always stay
Repeat Chorus
Why do we give thinking of love
And love will always stay
```
