

The Alien Song

Double You

People can you hear me, tell me what i've got to do
I don't understand you, life is this price you pay
People do you want me to forget your past
People can you hear me, people love is all we need

Love is all around you, you don't live in harmony
I don't see an answer, just look at what your clildren see

I came from the starship, just believe in what you see
I can see an answer, do start 'cause in my dream
Yes i wanna be loved, teach me passion
Love will take away the pain

Love is all around us, every night and day
And it's easy to say
