

## Sandy Bell's Broadstreet

Dougie MacLean

I'm sure that the way you're laughing  
No it doesn't mean that you're feeling good  
Well it's a lovely morning and we should be happy  
Just a little sunshine and it could be so good

Sandy Bell he was a good man  
But they strung him up on the gallows tree  
And down on Broad Street they're all crawling down on their knees  
But I won't go down they don't frighten me

Caledonia you've got me running  
You've got me losing a lot of sleep  
Someone's not too happy about the way I'm singing  
And now it seems he's stinging everyone he meets

Sandy Bell he was a good man  
But they strung him up on the gallows tree  
And down on Broad Street they're all crawling down on their knees  
But I won't go down they don't frighten me

Take them all across the water  
And let them bathe in the silver stream  
And when this game is over  
And maybe they'll give me back all my dreams

Sandy Bell he was a good man  
But they strung him up on the gallows tree  
And down on Broad Street they're all crawling down on their knees  
But I won't go down they don't frighten me
