

Carousels

Doves

Just the wrong side of town
You just don't let go
Keep it going and going

Seen the reason, the bitter the pill you're told
To tell me why are we living this life we're fitted to

I'm gonna take you down
Back to the old fairgrounds
Oh, where many feels spin 'round

Oh, hey now, is this a sign?
I'm falling down deep
With the carousels in your eyes

And the wheel turns 'round
Just when you think you're safe and sound

Oh, change of the season
I've found a reason to stay
But I've fallen so deep in
A circle of trust we made

And I'm gonna take you down
Back to the old fairgrounds
Oh, where many feels go 'round

Oh, hey now, is this the time?
I'm falling in deep
With the carousels in your eyes

Carousels in your eyes
