

Someday Soon

Doves

Some day soon,
You'll know how its feels to,
Love someone.

All my love and all my heart go with you,
Just look into my eyes and what can you see.
All my love and all the time keep with me,
I keep them with me.

Some day soon,
You'll know how its feels to,
Love someone.
Some day soon,
You'll know how its feels to,
Trust someone

Seven days and seven nights have fallen,
Empty streets and bright lights is woken,
So why is it the ones we love, we can't trust,
We can't trust.

Because, some day soon,
You'll know how its feels to,
Love someone.
Some day soon,
You'll know how its feels to,
Trust someone, to trust someone, someone.

Oh its been a while, since I loved someone.
