

The Man Who Told Everything

Doves

Fmi As C# C

Bmi Es As C#
Get out of bed, pick up the phone
F# Gmi C
Time to tell the press
Bmi Es As C#
Say to myself, I can't do no-one else
F# Gmi C
There's a whole world outside

Fmi As C#
I'm gonna tell it all
C Fmi As C#
I'm gonna sell it all
C
I'm gonna sell
Fmi As
Get out of bed
C# C
Come out and sing
Fmi As
Blue skies ahead
C# C Bmi
The man who told everything

And I feel, like I'm losing my head
I didn't mean to stay
Lives have been wrecked, and I've picked up my cheque
Catch a plane out of here

I'm gonna get out of here
I'm gonna get out of here
I'm gonna sell
Get out of bed
Come out and sing
Blue skies ahead
The man who told everything
