

# Universal Want

Doves

The universal want is everywhere  
The universal want is everyone  
Is it good to want it all?  
Like the end of gods, the sun above  
How long till we see what we really want?  
To see what we really need  
The universal

The universal want is everywhere  
The universal want is everyone  
It's never enough  
Who wants it all anyway?  
This is the end of god, the sun above  
How long till we see what I really want?  
Till we see what we really need?  
The universal

How long?  
Did you see I really tried?  
Never free or satisfied  
The universal

(The universal want is everywhere)  
(The universal want is everywhere)  
(The universal want is everywhere)

It's never enough  
It's never enough  
It's never enough
