Words

Doves

Inside is
A heart of summer soul
Don't let them
Take it away

Cause inside Something solid gold So don't let them Throw it away

Words they meant nothing
So you can't hurt me
I said words they mean nothing
So you can't stop me

I said your eyes, they say nothing So you can't hurt me On summer days like these I said words they mean nothing So you can't hurt me

Follow
Your own path from here
So don't listen
To what they say

Cause inside you've a heart of gold So don't let them Take this away

Words they meant nothing So you can't hurt me On summer days like these I said words they mean nothing So you can't stop me

I said your eyes, they say nothing So you can't fault me I said words they mean nothing So you can't hurt me

Inside
A heart of pure soul
A sun rising
And falling away, like your soul

Cause here comes Something wonderful So don't let them Throw it away

Words they meant nothing
So you can't hurt me
On summer days like these
I said words they mean nothing
So you can't stop me

On summer days like these

I said your eyes, they say nothing So you can't stop me On summer days like these I said words they mean nothing So you can't hurt me
