

Shakin that ass but you claim you ain't a hoe  
You can GTFO, you can GTFO  
You don't wanna come and break your neck at a show  
You can GTFO, you can GTFO  
You don't like me drinkin', and blowin' out smoke  
You can GTFO, you can GTFO  
Well all of you can go GTFO, yeah all of you can go GTFO

Tour bus, club house, ten girls, one couch  
Fallin' everywhere like somebody pulled the rug out  
Chillin' in the hoodie with a bottle in my front pouch  
Time to spark it up, you don't like it get the fuck out  
Wear my shades indoors, no not a car shark  
I can be your whole world, just put me in a star chart  
Comin' to the fit tell your boy to leave the car parts  
Could pull strings but this ain't no guitar park  
Jumpin' like hardcore, gettin' what I asked for  
Trippin out here girl, I hope that you brough your passport  
Watch me knock the game out, like it had a glass jaw,  
Home of the Raptors, all up in your ass hard.  
Beer just bubbling up, like a fast pour  
2000 people, never heard of me before  
Fist-pumpin like the dudes of Jersey Shore, just livin' my dreams no Avitar.

Shakin that ass but you claim you ain't a hoe  
You can GTFO, you can GTFO  
You don't wanna come and break your neck at a show  
You can GTFO, you can GTFO  
You don't like me drinkin', and blowin' out smoke  
You can GTFO, you can GTFO  
Well all of you can go GTFO, yeah all of you can go GTFO

Don't come chirpin' in my ear, tryin' to speak things  
You should really go focus of the cheap drinks  
I'm just listenin' to T-pain, but I'm so damn drunk -  
I dont know what he's sayin'  
Bitches tryin' free game, party till police came  
Had to runaway now I got knee pain  
I'm stuck I don't even know the street name  
All black neighbourhood, lookin' like a bleach stain  
It don't really matter though what's up  
You don't wanna come and join the jam, you suck  
First name Phillip, last name Cups, middle name Lots of  
Full time fuck  
Any of these rappers wanna act like you signed my deal  
Boyfriends twistin up their face, blue seal  
Haters wanna say that the vibe's not real  
We're comin' to your town yeah it is, how ya feel?

Hey! Hey! We're drinkin over here!  
Hey you! You with the, with that thing on  
Put your hand in the air, other hand up, make, make a "W"...  
The fuck is that an "M"... Haha  
Alright you win, that's awesome  
Fuck this shit
