

Here To Show The World

Downstait

I'm here to show the world
I'm here to show the world
Come on
Bring it on

Do what I say "Better watch what I do"
Better heed the warning I'm here to give you
If you ever doubted me, you don't have a clue
I'm here to show the world
I'm here to show the world

Things are exactly what they seem
I will define the things you dream
Go check the scores again
I come out a perfect ten
They broke the mold when they made me
Bring it on

Do what I say "Better watch what I do"
Better heed the warning I'm here to give you
If you ever doubted me, you don't have a clue
I'm here to show the world
I'm here to show the world

I hold your life here in my hands
Though you try hard to understand
Your little mind won't turn
Those little wheels will burn
You'll recognise just who I am
Bring it on

Do what I say "Better watch what I do"
Better heed the warning I'm here to give you
If you ever doubted me, you don't have a clue
I'm here to show the world
I'm here to show the world

Do what I say "Better watch what I do"
Better heed the warning I'm here to give you
If you ever doubted me, you don't have a clue
I'm here to show the world
I'm here to show the world

Just let up now, never gonna work out
I'm the game changer with this, there's no doubt
You took your best shot, but it's all over now
I'm here to show the whole world

Things just come easier to me
What you work hard for I get free
Said thing you shouldn't say and now its time to pay
And you will pay it all to me

Do what I say "Better watch what I do"
Better heed the warning I'm here to give you
If you ever doubted me, you don't have a clue
I'm here to show the world

I'm here to show the world

I know it isn't fair (Do what I say "Better watch what I do")
I know how hard you try (Better heed the warning I'm here to give you)
I know it isn't fair (If you ever doubted me, you don't have a clue)
I know how hard you try (I'm here to show the world, I'm here to show
the world)

SHOW-THE-WORLD!!
