

# No One

Downstait

How can you be so narrow-minded?  
Have you ever even tried to understand the thing you say?  
It's a shame and while you're acting like a child  
Things will never be the same, you'll just watch me walk away, yeah  
I will not take the fall  
You can't take it from me

No one is gonna  
No one is gonna break me down  
'Cause I'm already broken

I run away from all the pieces  
You still try to make me feel like I will never be enough  
You can see, but you will never get the picture  
And I think that you're afraid that I might be the bigger man  
I will not take the fall  
You can't take it from me

No one is gonna  
No one is gonna break me down  
'Cause I'm already broken  
So many reasons  
So many ways to hit the ground  
And I'm already broken DOWN!

NO ONE!  
NO ONE!  
NO ONE!  
NO ONE!

No one is gonna  
No one is gonna break me down

No one is gonna  
No one is gonna break me down  
(No one is gonna, no one is gonna break me down)  
'Cause I'm already broken  
So many reasons  
So many ways to hit the ground  
(No one is gonna, no one is gonna break me down)  
And I'm already broken DOWN!

No one, (NO ONE! NO ONE!)  
No one, (NO ONE! NO ONE!)  
No one, (NO ONE! NO ONE!)  
No one, (NO ONE! NO ONE!)
