

Rhada come to it  
Brother slide through it  
Sister rise - don't you care?  
Come on taste the mountain air  
Innocence comes to chance  
The mystery and spirit of romance  
Butterflies make you sigh  
And kali-yuga's miles away

Procession gets in line  
With words of wedding day rhyme  
It'll make you cry  
Kali-yuga's miles away  
And the young girl's eyes are miles away  
And the dust still lies miles away

Rhada come to it  
Brother slide through it  
Sister rise - don't you care?  
Come on taste the mountain air  
Innocence comes to chance  
Mistery, spirit of romance  
It'll make you cry  
Kali-yuga's miles away

And the dust will rise miles away  
The young girls sigh miles away  
And the dust will rise miles away

Don't let me down  
Don't let me down

Blossoms cry to it  
Chariots take you there  
Climbing through mists like marble white stairs  
Millisecons - take a glance  
Catch the mystery dance  
Never want to lose this chance  
Kali-yuga's miles away

And the dust still rise  
And the worlds will rise
