

Listen up everybody! Gonna have your cameras out. You sure as hell ain't gonna wanna miss this one. I'm about to make a scene, a little something for your magazine. So keep a steady hand, so keep a steady hand, this is a day in the life of someone who's lost themselves completely. So keep a steady hand and don't you come back without that shot again. Misery loves money, they're as ruthless as they come. They're gonna make it look so good as they drag your name through the mud. So drag my name through the mud. As far as this goes, you know I'm as easy as they come. All the scenes that we make everyday, I'm like playing with a loaded gun. Some get caught up in it but we do this for fun. Imma put on a show and you'll know damn well that I ain't done. Hold down the, hold down the fort and run with it. A constant feeling somebody's watching me, a constant feeling somebody's watching me. So drag my name through the mud, so drag my name through the mud. When will you change? When will you change? I know you're going nowhere. You'll stick around and play the obvious role. I know you're going nowhere. You'll stick around and play the obvious role.
