

## Swamp Livin'

Dr. Dog

Ladies and gentlemen, drumroll please  
And now, for the number one hit of the complete century  
The swamp is old, the swamp is new  
The swamp is me, the swamp is you  
It's the best the best could ever be  
It's full of pain and undermine  
It's full of things left behind  
Livin' in the swamp is killing me  
Swamp livin', swamp livin'  
For a king life is dry  
A body saw with broken eyes  
How a man came and went before  
Now my cells are waterlogged  
I can't sleep in this rusty bog  
I don't wanna be in the swamp anymore  
Swamp livin', swamp livin'  
Psychedelic swamp
