

Are We Having Fun Yet

Dr. Steel

Look at you, look at me
Look through the eyes of your TV

We're dropping bombs like a holy cow
With stocks and bonds getting fatter now

Are we having fun yet?
Are we having fun yet?
Are we having fun yet?
Are we having fun yet?

We're medicated, dedicated pawns for the cause
Presidential puppeteers are playing Wizards of Oz
Telling us, selling us, manufacturing gods
Illuminati

Are we having fun yet?
Are we having fun yet?
Are we having fun yet?
Are we having fun yet, huh?
Cause I can't tell.
