Are we having fun yet? Are we having fun yet?

Look at you, look at me
Look through the eyes of your TV

We're dropping bombs like a holy cow
With stocks and bonds getting fatter now

Are we having fun yet?

Are we having fun yet?

We're medicated, dedicated pawns for the cause Presidential puppeteers are playing Wizards of Oz Telling us, selling us, manufacturing gods Illuminati

Are we having fun yet?
Are we having fun yet?
Are we having fun yet?
Are we having fun yet, huh?
Cause I can't tell.
