

Forever And Ever

Dragon

Forever and ever
We make love
Forever and ever
We make out
Whenever we break up
Show me the door
Whenever we make up
Show me your loving for

Forever and ever
Better and better and better
(Forever and ever and ever)
Foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
I'm foolishly yours
(Foolishly, foolishly yours)

As we get older
I love you more and more
I'm trying to you
Loved you before
I burst into love's tower
We stick together
Breaking up and making up forever and ever and ever

Forever and ever
Better and better and better
(Forever and ever and ever)
Foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
I'm foolishly yours
(Foolishly, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
I'm foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
Foolishly yours
(Foolishly, foolishly yours)

Our love is a tower no one can shake
Our love is a river
Jump in, don't hesitate
When I can hold you, everything's all right
Making up and breaking up night after night after night

Forever and ever
Better and better and better

(Forever and ever and ever)
Foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
I'm foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
I'm foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
I'm foolishly yours
(Foolishly, foolishly)

Forever and ever
Better and better and better
(Forever and ever and ever)
Foolishly yours
(Foolishly yours, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
Foolishly yours
(Foolishly, foolishly yours)
Forever and ever
Better and better and better
(Forever and ever and ever)
Foolishly yours
(Foolishly yours, foolishly yours)
