She's fantastic, she says "Man, it's great" She shakes hands, she's like a candidate She's so happy, it's a carnival She gets snappy, she's an animal

And she roars (X4)

She's on camera, she's an actress now Such charisma on the mattress now I'm no film star, I'm no modern saint I can't draw but I know how to paint

And she roars (X4)

Oh, she's so political she's oh so critical Oh, she's hardly sociable she's non-negotiable Oh, she's so subliminal she's such a criminal

She's fantastic, she says, "Man, it's great" She shakes hands, she's like a candidate She's so happy, it's a carnival She gets snappy, she's an animal

And she roars (X10)
