

# She May Be the One

Drew Seeley

I used to kiss them and love them one day at a time  
Not thinking 'bout keeping track  
I used to sample the flavors and not spend a dime  
And still ask for some change back

I took what I could  
Like a thief in the night  
Always gone by the light  
Knew it wasn't right

But when I'm with you  
I just wanna stay  
Throw the games away  
Can't believe I'm bout to say  
(Hey, hey, hey)

She may be the one  
So don't let go, don't let go  
She may be the one  
So why let go? Why let...

I love when she comes  
Watch it hurt when she leaves  
My heart screaming louder than me  
(Hey, hey, hey)  
She may be the one  
So don't let go, I won't let go

You used to wine it and dine it, flowers in hand  
Sorry I'm not that man  
I'm used to living and loving without making plans  
For you I'm gonna change

Together we could be like this for life  
For more than a night  
We'll do whatever feels right

But when I'm with you  
I just wanna stay  
Throw the games away  
Can't believe I'm bout to say  
(Hey, hey, hey)

She may be the one  
So don't let go, don't let go  
She may be the one  
So why let go? Why let...

I love when she comes  
Watch it hurt when she leaves  
My heart screaming louder than me  
(Hey, hey, hey)  
She may be the one  
So don't let go, I won't let go

I don't miss the rainbow  
All the different colors

'Cause I've found my pot of gold  
(I don't)  
I don't miss the being alone  
I'm tired of being a rolling stone

'Cause when I'm with you  
I just wanna stay  
Throw the games away  
Can't believe I'm bout to say  
(Hey, hey, hey)

She may be the one  
So don't let go, don't let go  
She may be the one  
So why let go? Why let...

I love when she comes  
Watch it hurt when she leaves  
My heart screaming louder than me  
(Hey, hey, hey)  
She may be the one  
So don't let go, I won't let go

She may be the one  
So don't let go, don't let go  
She may be the one  
So why let go? Why let...

I love when she comes  
Watch it hurt when she leaves  
My heart screaming louder than me  
(Hey, hey, hey)  
She may be the one  
So don't let go, I won't let go
