

Twisted

Drew Seeley

She got her foot on the throttle, I'm hitting the bottle
We already crashed so go ahead and trash my heart
Ain't gonna follow, should be back tomorrow, you know
I could see it coming, never woulda done it
Leaving me passed out, stupid smile on my face
Leave me hollow, fill me up tomorrow, you know

I want mo-o-ore, o-o-ore
You got me twisted in all of the right ways
Down on the flo-o-oor, o-o-oor
It's all about the pleasure and the pain
Push me, pull me, break me
I'll be coming right back for mo-o-ore, o-o-ore
You got me twisted in all of the right ways

Made a deal with the devil, now I gotta settle
She took my body and she ain't gone give it back
I'm [?] come on baby wind me up, oh
I know I'm being crazy, nothing gonna faze me
Always on the brink, can't think, but it turns me
You wanna ride it, let you be the pilot, oh, oh

I want mo-o-ore, o-o-ore
You got me twisted in all of the right ways
Down on the flo-o-oor, o-o-oor
It's all about the pleasure and the pain
Push me, pull me, break me
I'll be coming right back for mo-o-ore, o-o-ore
You got me twisted in all of the right ways

If I'm going down baby
I'm going down on you
If we're burning out baby
I'ma do what I wanna do
If I'm going down baby
I'm going down on you
If we're burning out baby
I'ma do what I wanna do

I want mo-o-ore, o-o-ore
You got me twisted in all of the right ways
Down on the flo-o-oor, o-o-oor
It's all about the pleasure and the pain
Push me, pull me, break me
I'll be coming right back for mo-o-ore, o-o-ore
You got me twisted in all of the right ways

I want mo-o-ore, o-o-ore
I want mo-o-ore, o-o-ore
Push me, pull me, break me
I'll be coming right back for mo-o-ore, o-o-ore
You got me twisted in all of the right ways
