

Kinky Hypocrite

Drive-By Truckers

Hot blooded bible thumping cash on the barrel honey
private jets and drunk CEOs
from Pentecostal denim to highfalutin linens
empty pockets line the deepest egos
Its a tricky navigation from the wanting to the having,
all the needs of a kinky hypocrite
The greatest separators of fools from their money
party harder than they like to admit

Ain't it always you know who's boots
scooting up a goose stepping rhythm to a simpler time
quickest on the stick when the call of nature hits
shuffle shoeing to a pissy Florsheim
Every slope is slippery with a little something lacy
tween your business and your poly wool blend
The greatest separators of fools from their money
party harder than they like to admit

Book tours, miracle cures, affirmation and the end times immane
nce
Low hanging headline grabbing ring masters and imaginary elepha
nts
Con~dem~Nation
all at once or making payments on a daily syndicated hissy fit
The greatest separators of fools from their money
party harder than they like to admit
