

Never Gonna Change

Drive-By Truckers

Let this be a lesson to you girl: Don't come around where you k
now you don't belong.
They're riding on the avenue and probably coming after you and
they all look mean and strong.
Mean and strong like liquor.
Mean and strong like fear.
Strong like the people from South Alabama and mean like the peo
ple from here.
Take it from me... We ain't never gonna change.

Daddy used to empty out his shotgun shells and fill 'em full of
black-eyed peas.
He'd aim real low and tear out your ankles or rip right through
your knees.
There ain't much traffic on the highway. There ain't much traff
ic on the lake.
The ATF and the ABI got everything they could take.
Take it from me... They didn't take it from me.

We ain't never gonna change.
We ain't doin' nothin' wrong.
We ain't never gonna change
so shut your mouth and play along.

I thought about going in the army. I thought about going overse
as.
I wouldn't have trouble with a piss test; only problem is my ba
d left knee.
My brother got picked up at Parker's, got him a ride in a new C
rown Vic.
They said that he was movin' on a federal level but they couldn
't really make it stick.
Take it from me...

We ain't never gonna change.
We ain't doin' nothin' wrong.
We ain't never gonna change
so shut your mouth and play along.

You can throw me in the Colbert County jailhouse.
You can throw me off the Wilson Dam
but there ain't much difference in the man I wanna be and the m
an I really am.

We ain't never gonna change.
