

I'm gonna dig myself a hole
And get my head inside
I'm gonna keep my eyes closed
Feel my heart dripping by
Life can be so ordinary
I did try to make mine good
But I've made so many mistakes

Down in my youth
Down in my youth
Down in my youth
Down in my youth

Welcome to my house
We'll play for a while
Can't you see
There's a ghost by my side?

I'm gonna dig myself a hole
And get my head inside
I'm gonna keep my eyes closed
Feel my heart dripping by
Life can be so ordinary
I did try to make mine good
But I've made so many mistakes

Down in my youth
Down in my youth
Down in my youth
Down in my youth

Welcome to my house
We'll play for a while
