I love your blue eyes
I'm gonna tell you a story
I once drove a man to his knees
At the edge of a fall

I like your green eyes
I'm gonna tell you a secret
I once got so angry
I put a whole army to sleep

Come on baby
Do you want to have a party?
Do you want to have some fun?
Or do you just wanna

I love your brown eyes
Move closer
I can remember the night
The night

My baby red eyes
Why are you shouting?
I still got the knife
That I used to get rid of that guy

Come on baby
Do you want to have a party?
Do you want to have some fun?
Or do you just wanna
