I want to seemountains of snow in July
Fireworkscrossing across the blue sky
When Igo

Make sure Idon't feel a thing
want dozens ofroses surrounding my bed
Sad lookingfaces with pain and regret
When Igo

I want thewhole place painted red

All my ex-loverswill talk through the night

Heart breakingtales of passion and pride

But they'll say

That I had acunt made of gold

I wanna gosideways and facing the sun

With money tospend so I can have

some fun

When Igo

Those thingswill matter to me
Please putme somewhere
Nearthe sea
