

## Last Time

Dry Cell

they say its true  
somethings not right  
they laugh at you  
(hurting all the time and you just don't know why)

destined to lose  
its not right  
what can you do  
(all you do is fight and you lose your insides)

its alright  
its ok  
never far away  
its so real, its so right  
this is the last time

its alright  
its ok  
never far away  
its so real its so right  
this is the last time  
(hurting all the time and you just don't know why)

who made this true  
its not right you'll make it thru  
(hurting all the time and you just don't know why)

they don't know you, not inside  
they have issues  
(fighting all time make them lose their insides)

its alright  
its ok  
never far away  
its so real its so right  
this is the last time

its alright  
its ok  
never far away  
its so real its so right  
this is the last time

this is the last time  
this is the last time

so far  
(hurting all the time and you just don't know why)  
so sleep as you lay

(forget about the world you'll be ok)

its alright  
its ok  
never far away  
its so real its so right  
this is the last time

its alright  
its ok  
never far away  
its so real its so right  
this is the last time  
this is the last time  
this is the last time  
this is the last time  
(hurting all the time and you just don't know why....don't know why)

they say its true  
somethings not right  
they laugh at you  
(hurting all the time and you just don't know why)
