

Blind

Dune Rats

Don't think I'm crazy
I know you're afraid
We won't go blind
We won't go blind

I'll always help you
Remember these day
We won't go blind
We won't go blind

Time always tells
I'm never that right
We won't go blind
We won't go blind

Now they're all jaded
From way too much sight
We won't go blind
We won't go blind

I won't grow
I won't grow

You're lazy, you're stupid
Mark always said
We won't go blind
We won't go blind

You're crazy, you're useless
It's always the same
We won't go blind
We won't go blind

I won't grow
I won't grow

You're lazy, you're stupid
You're lazy, you're stupid
You're lazy, you're stupid
You're lazy, you're stupid
