

Bullshit

Dune Rats

Everything you say is bullshit
And everything you do is so sick (Bullshit)

Everything you say is bullshit (Bullshit)
In every single way, I like it (Bullshit)
And everything you do is so sick (Bullshit)
It's fun, it's fun, it's fun, it's fun
But I'm still leaving

I'm a little messed up (It might be the drugs)
I'm a little fucked up (I might need a hug)
I'm a little messed up (It might be the drugs)
I'm a little fucked up (I might need a hug)

You always make it right, never fight (It's alright)
And it's bullshit (Bullshit)
Yeah, never seem to care, always there (Never care)
And I like it (Bullshit)
And then it gets too much (Who gives a fuck?)
It gets so sick (Bullshit)
It's fun, it's fun, it's fun, it's fun
But I'm still leaving

I'm a little messed up (It might be the drugs)
I'm a little fucked up (I might need a hug)
I'm a little messed up (It might be the drugs)
I'm a little fucked up (I might need a hug)

Everything you say is bullshit
Everything you say is bullshit
I'm a little messed up, I'm a little messed up
I'm a little messed up, I'm a little messed up
(Bullshit, bullshit)
